Sam Smith

Hi Sam! It is nice to meet you. I think clothes are important too. I like comfortable clothes like T-shirts and jeans because they are cheaper than formal suits. Usually, I buy my clothes at malls or online stores.

Right now, I am studying at university, so I usually wear a hoodie and sneakers. I am wearing a green T-shirt today because it is very hot! I don't spend much on regular clothes, but I spend more money on professional swimwear. I love buying Powerskin or jammer suits for training. They are more expensive than normal clothes, but they are better for swimming fast! What are you wearing today?
